ThinkCentre M90/M90p – Value Proposition

FOR:

Large businesses who want to refresh their PC fleet with desktops that will enable them meet the complex computing needs of today's global, 24/7 business demands through integrated features that deliver enhanced security, manageability, and flexibility. **The ThinkCentre M90/M90p was built for this purpose.** They are first ThinkCentre desktops to feature Intel's new Core I Series processors, which provide added power to easily multitask even while operating intensive applications.

ThinkCentre M90/M90p

Powerful. Stable. Secure.

ThinkCentre

Best Performance

- 2010 Intel® Core™ i5 and i7 processors
- Optional Multi-touch Monitors for Windows 7

Best User Experience

- New ergonomic design for added convenience
- Lenovo Enhanced Experience for Windows 7 (Boot up n as low as 35 seconds)

Security/Manageability

- Powered by all new 2010 Intel® Core™ vPro™ processors with AMT 6.0 support
- Security and Manageability provided by Lenovo's Secured Manager Client (SMC) 2.0, ThinkVantage Technology (TvT) Suite, and Hardware Password Manager (HPM)

Green Design/Cost Savings

- ENERGY STAR 5.0 certified – saving a total of \$43 USD per unit, per year.
- 42% of the plastic in the M90/M90p consists of Post Consumer Recycled Content (PCC)

ThinkCentre M90/M90p: Better Performance, Faster Productivity

Latest Platform Technology from Intel

- 81% better performance (compared to ThinkCentre premium offering 4 years ago, the M55).
- Intel Core i Series Processors. Faster multitasking and productivity through Intel® Turbo Boost Technology and Intel® Hyper-Threading Technology

Multitouch Monitors

- The Lenovo L2461x Wide Monitor is the ideal Lenovo monitor for multi-touch use with Windows 7
- The Lenovo L2461x offers a more direct way to interact with your PC than a traditional mouse and keyboard

ThinkCentre M90/M90p:

Optimized and Enhanced User Experience

ThinkCentre

Better Ergonomic Design

- The power button is closer to the top, meaning it's easier to access without having to reach too far down
- Tower models have a tilted design on the front I/O ports, making them easy and quick to see, plug, and play
- Towers also have an easy to use handle bar for better mobility within the office.

Windows®7 Enhanced Experience

- Optimized for Windows® 7 (Boot up in as low as 35 seconds)

lenovo
NEW WORLD. NEW THINKING.

ThinkCentre M90/M90p: Secure & Manageable

ThinkCentre

lenovo
NEW WORLD. NEW THINKING.

Intel® vPro™ Technology

- The new Intel Core vPro processor family is designed to keep downtime and desk-side visits to a minimum, enabling remote monitoring, diagnosis, and repair of PCs—even if they're shut down or the OS is unresponsive
- Reduce the duration of an average security exposure from days to a matter of hours.
- Increased confidence in PC inventories and audit accuracy of up to 99%.

Lenovo Innovations

- ThinkVantage Technologies (TVTs): Assist users and IT managers during every stage of the PC lifecycle
- Secure Managed Client (SMC): An alternative client solution that delivers a superior end-user, business and IT experience
- Hardware Password Manager (HPM): centralized password management and is currently the only solution available worldwide that does so for all hard drives regardless of vendor

ThinkCentre M90/M90p: Green Design/Cost Savings

Green Eco-Friendly Features

- **Lower carbon footprint:** 42% of the plastic in M90/M90p construction consists of Post Consumer Recycled Content (PCC) from sources such as used IT equipment.
- **Energy Efficient:** The full M90/M90p product line is ENERGY STAR 5.0 certified. It helps save \$43 in energy savings per unit per year.

ThinkVantage Technologies

- **ThinkVantage Power Manager** helps cut electricity consumption by as much as 69%
- **Rescue & Recovery** restores corrupted systems, saving an estimated \$57 per occurrence
- **ThinkVantage System Update** significantly reduces the need for users to manually search for drivers, saving up to \$192 annually in reduced help-desk calls

*NOTE: Recycled plastic percentage varies on form factors (including optional Fingerprint Keyboard): Tower - 42.10%, SFF - 39.63%, Eco USFF - 36.45%. Calculation based on EPEAT standard as reference.
